Discovering Social Conditions Worksheet

To Help with Focus	Words to Avoid	Words to Embrace
"Forget your own selves, and turn your eyes towards your neighbor." *"It is incumbent upon all the peoples of the world to reconcile their differences, and, with perfect unity and peace…. to cleave to whatsoever will, in this Day, be conducive to the exaltation of their stations, and to the promotion of their best interests."*	They Them Their Theirs Those	We Us Our

What are the foundational causes and conditions underlying the need for social transformation?

Try to be concise – describe things in one sentence, even one word if possible.
